

Hotsauce Tableside Solution

Smart POS, Keep Your Work Simple

Streamline the Ordering Process Hotsauce Tableside Solution!

With the New Hotsauce Tableside Solution, servers can input orders directly from the table enabling waitstaff to send orders directly to the kitchen or bar for a dramatic increase in efficiency. This solution provides many benefits for both the restaurant and customers by streamlining the ordering process, improving order accuracy and increasing table turns.

SPECIAL FEATURES

- Significant improvements to order efficiency
- Increased speed of service for happier customers
- Quicker table turns produce additional revenue
- Eliminate the redundancies associated with handwriting orders
 - More accurate ordering results in less wasted food
- A unique and impressive dining experience for restaurant patrons
